Spelling Homework

It is important to bear in mind that apart from the 'common exception words' children are learning the letter string, sound or spelling rule, *not the specific word*. For example, when learning words with the -ay letter string (and they are given *day, play, say, way, stay*) we might also test to see if can they also spell *may* and *bay*!

Children will be given spellings from the list to learn and tested on these regularly.

Below are some ideas that you may wish to use at home to help your child to learn their spellings. Frequency of practice throughout the week is important; little and often is better than one long session.

Spelling Roll-A-Word

Start with the first word in your spelling list. Roll a die and complete the activity for the number you roll. Continue with the rest of your list.

| | |
|---|-------------------------------------|
|  | Write your word in a sentence. |
|  | Draw a picture of your word. |
|  | Write a synonym of your word. |
|  | Write an antonym of your word. |
|  | Write the definition for your word. |
|  | Write your word three times. |

As you write, sound out the letters/syllables.

Write the words out 3 times each. Look, spell, cover, write, check.

Copy the word out and highlight or underline the tricky part.

How to encourage neat handwriting

It is important to practise spellings using your neatest handwriting and correct joins. Age related expectations in handwriting can be found in the Writing End of Year Expectations (EYE) towards the back of this booklet. The 'feel' of a word can help when learning to spell.

Getting ready to write

Seating and posture:

- A tripod grip is the most efficient way of using a pencil and should be encouraged in early writing
- Chair and table should be at a comfortable height
- Encourage children to sit up straight and not slouch
- Left hand should be used to steady the paper for right handers
- Tables free of clutter
- Room well lit
- The paper should be placed to the right, slightly tilted to the left

Left handers:

- Paper should be tilted to the right
- Right hand should be used to steady the paper

Lower case letters:

abcdefghijklmnopqrstuvwxyz

Capital letters:

ABCDEFGHIJKLMNOPQRSTUVWXYZ

Numbers:

1 2 3 4 5 6 7 8 9 0

Joins Y3

Revision

- Practise the break letters b p g q y j z x s
- Practise capital letters

Further practise of the four handwriting joins

- in ine
- ut ute
- ve vi
- ok oh
- sh as es (practising two ways of joining the letter s)
- ri ru ry (practising joining from the letter r)
- oa ad as (practising joining to and from the letter a)
- ee ea ed (practising joining from the letter e)
- ow ov ox (practising joining from the letter o)
- ky hy ly (practising joining to the letter y)
- ha ta fa (practising joining to the letter a)
- od oo og (practising joining from the letter o)
- er ir ur (practising joining to the letter r)
- ai al ay
- o you oi
- re oe fe (practising the horizontal join to the letter e)
- fu wu vu (practising the horizontal join to the letter u)
- ot ol ok (practising joining to ascenders)
- ai al ow ol (practising all the joins)

Example of handwriting joins and break letters (Y2 - Y6)

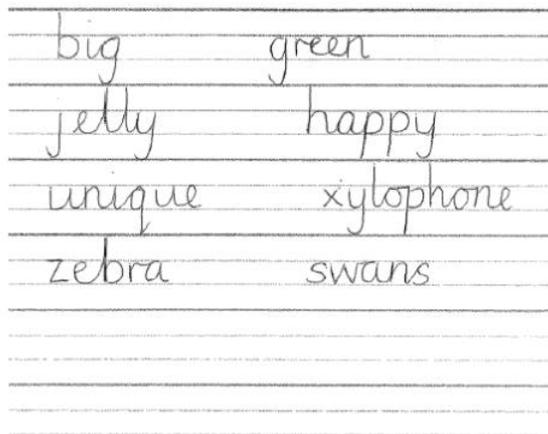

The four joins:

1. To letters without ascenders
2. To letters with ascenders
3. Horizontal joins
4. Horizontal joins to letters with ascenders

abcdefghijklmnopqrstuvwxyz

The break letters (letters that aren't joined from) are:

b g j p q x y z s

Times Tables and Passport

It is crucial that you know multiplication and division facts to 12×12 by the end of Year 4

They help not only with multiplication and division calculations, but enable you to work more fluently with fractions-which now comprise a large part of the maths curriculum (the bulk of fractions teaching coming in Year 3)

You must have rapid recall of multiplication and division facts for:

2s 5s and 10s by end of Year 2

3s 4s and 8s by end of Year 3

All of them up to 12×12 by end of year 4

How the Passports Work

To achieve Bronze Award:

You need to be able to recite your chosen multiplication table *rapidly*, on your own, *without error*.

You should learn it as 'one two is two, two twos are four, three twos are six' and so on.

To achieve Silver Award:

You need to be able to have *rapid recall* of any multiplication fact from the chosen table *in any order* e.g.

'Six twos?' 'Nine multiplied by two?'

To achieve Gold Award:

You need to be able to use multiplication facts to answer corresponding division facts for that times table e.g. 'How many twos are there in eight?'

'What is ten divided by two?'

As well as adults working in the classroom, the Head, Deputy and Assistant Headteacher will be available during Monday and Friday breaks to test children wishing to go for bronze, silver or gold awards in their passport. Your recall must be rapid and accurate to achieve the award.

Learning Times Tables

It can be difficult at the start. These suggestions will help you learn your times tables more easily.

- Practise every day
- Find a regular time to do it - perhaps walking to and from school or during the drive
- Keep a steady rhythm - it makes learning and recall easier
- When starting to learn times tables, it's often the starting number that is difficult - use your fingers as you recite to keep track of where you are
- If you are secure at bronze level the silvers and golds are easy
 - Help yourself and your friends by quizzing each other
- *Multiplication* can be done in any order - so if you know 2×5 you also know 5×2 (see the grid on the next page and shade in the ones you can recall)
- There are lots of ICT games to help you learn them and test yourself before trying to go for Bronze, silver or Gold at school
 - Use resources on Mathematics
- Remember that everything gets easier the more you practise
 - Persevere and don't give up. If you are finding it very challenging, let your teacher know
 - Set yourself a challenge and go for it!

Use this grid to highlight the multiplication facts you can recall rapidly
